

FAME

The *Modern Database Management 13e* web site for instructors contains four files related to the new Forondo Artist Management Excellence (FAME) case:

- Create_tables_FAME.sql includes an Oracle 13c script for creating the tables.
- Populate_tables_FAME.sql includes an Oracle 13c script for populating the tables.
- FAME_queries_Chapter5.sql and FAME_queries_Chapter6.sql include sample queries for Chapter 5 and Chapter 6, respectively.
